I hope all parents read this article as it concerns the behaviour of a few in the school life and school functions of their wards, which I am sure must be reflecting in some way or the other in their personal as well as professional life also. Every place has a set of rules and a decorum to be followed be it your home, a public place, hotel, school, any other kind of institution, one is expected to be mindful of that. You would definitely expect people who come to your house to behave according to your requirements, respect your wishes and behave in a manner you deem fit. When we step out of our homes, some of us adults forget how to behave in the manner accepted by society. If you are coming to an educational institution to attend a program of your child, some parents do forget they are not viewing it in isolation. Standing up to click pictures, videos from the aisle blocking the view of other parents, spoils the whole show and goes against the discipline that is required and is the prestige of an educational institution. The very reason you placed your ward with us in the first place. This is not some thing that requires to be told, it's common courtesy. If we behave in this kind of an indisciplined manner what are we going to teach our young wards who are living in our very homes. The second thing I want to touch upon today is disrespecting teachers. Any teacher whether in school or from anyone else you learnt something from will always be your Guru.

गुरु गोविंद दोऊ खड़े काके लागू पाय। बलिहारी गुरु आपकी गोविंद दियो बताय ।।

कबीर दासजी कहते हैं कि गुरु और गोविंद (भगवान) एक साथ खड़े हों तो किसे प्रणाम करना चाहिए – गुरु को अथवा गोविंद को ? ऐसी स्थिति में गुरु के श्रीचरणों में शीश झुकाना उत्तम है। क्योंकि गुरु ने ही हमें ईश्वर के विषय में बताया है। ऐसा स्वयं गोविन्द (भगवान) ने बताया है।

Yet, I see everyday that our profession is being disrespected. In case you disrespect your child's Guru your child will never learn the meaning of respect and in life one has to learn to give respect to get respect whether it is someone older or younger. We are nurturing and educating tomorrow's citizens. The future of a well educated, disciplined and respectful society is in the hands of the parents along with the teachers.

"स्वदेशे पूज्यते राजा, विद्वान सर्वत्र पूज्यते"

Thank You All Teachers

After two years, I was afraid to go to school, thinking of how the teachers would react and whether they would be strict or polite. On the first day, when I was on my way to school, I was worried. So many things popped into my mind. When I reached my school, I saw so many students at the entry gate of MP House. There was one teacher who was standing and greeted me with a beautiful smile. Then I felt a little bit relaxed. When I reached my classroom, I saw all my friends. I was so happy to see them. I wanted to meet my teachers. When the teachers came to the class, they were very polite and kind to us. Now, I am enjoying my class. I am very thankful to all my teachers for making the school a happy place for me again.

Teachers are my strength

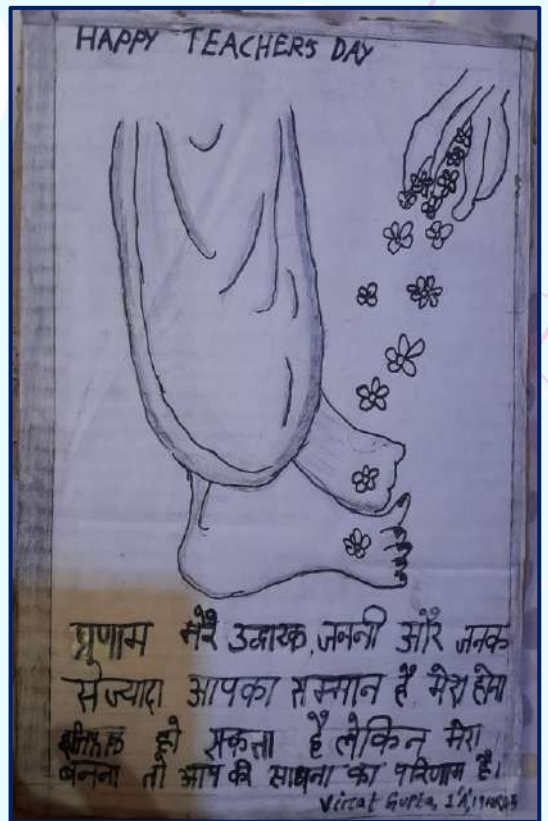

Teachers are really special to me.
I want you all to see it!
I love them with all my heart.
That means nobody can tear my bond with them apart.
They make us study and play.
In kindergartens, they give children colourful clay.
Their guidance is very helpful.
And, with my teachers, I am always cheerful.
I respect my teachers as much as my mother.
So, I will always love and respect them forever.
Happy Teacher's Day To All My Lovely Teachers.

Happy Teachers' Day

Now my board is black again and not the boring screen.
Now I am ready in uniform and my playground is green.
Now I go to school to learn and grow.
And feel the love of my teacher, which she always shows.

Role of Teachers

Teachers play a big role in building the character of students. They give us knowledge, believe in us and help us to achieve our dreams. All my teachers teach us with great dedication and love. They give us not only knowledge but also the moral values to become good human beings. Undoubtedly, the contribution of teachers builds the future of a nation. Thanks to all the teachers for always standing with us as supportive pillars and correcting our numerous mistakes. We celebrate Teacher's Day to show our gratitude and respect for our teachers and honour them with our appreciation.

Lines on Teachers Day

The fifth day of September is recorded as Teachers' Day in India. It is celebrated across all schools and colleges in India. On the 5th September is the birthday of Dr. Sarvepalli Radhakrishnan and in honour of his birthday, we celebrate Teachers' Day. Our teacher is very sweet and just like a mother to me. Our teachers are very helpful and kind to us. Teaching is one of the most honourable jobs to ever exist. We should thank our teachers for giving us knowledge and loving us selflessly. Teachers guide us to walk on the right path and scold us when we are wrong. I am really thankful to all the teachers in my life.

Importance of Teachers

A teacher is the captain of a class. She controls and manages the class and children just like the captain of a ship.

A teacher is the best guide in our school life. She helps us to build better character and to become better human beings.

Without a teacher, we would not be able to get knowledge and wisdom. Likewise, without the captain of a ship, nobody will be able to sail the way it should.

Teacher

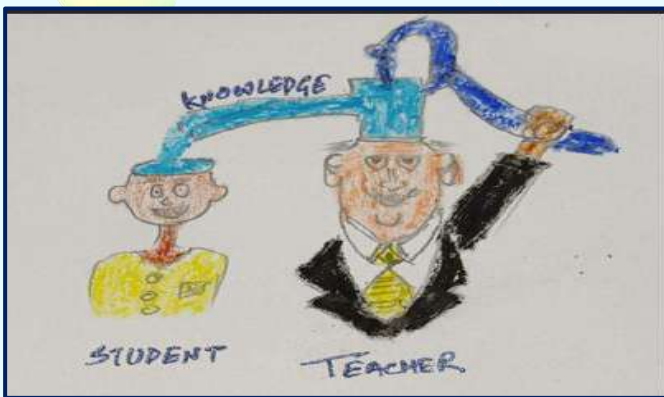

A teacher is a person who shapes his or her students. A teacher is an important person in one's life. A teacher is a storehouse of knowledge and wisdom. A teacher gives us a good education and builds good habits. There are almost 90 teachers in my school. They are all very hard-working and great teachers indeed. A teacher is like a mother who cares for us. A teacher is one who guides us. The teacher shows the way of life to his/her students. I appreciate my teacher when she clarifies my doubts. I see my teacher as a motherly figure. My teachers are wonderful. I wish my teachers a very HAPPY TEACHERS' DAY.

Importance of Teachers

Teachers are very important in our life. They help us to study and learn good habits. They teach in schools and guide us and give us knowledge. Different teachers teach different subjects.

We celebrate Teachers Day on 5th Sept as it is the birthday of Dr. Sarvepalli Radhakrishnan.

We should always thank our teachers and help them with everything. We should respect our teachers.

शिक्षक दिवस

शिक्षक हमारे जीवन का एक आधार हैं। यह बहुत ही महत्वपूर्ण भूमिका निभाते हैं और हमारे जीवन को एक नई दिशा देते हैं।

मैं बहुत सौभाग्यशाली हूँ जो आप जैसे शिक्षक मुझे मिले हैं। आपसे ही हमें एक अच्छा इंसान बनने की प्रेरणा मिलती है। हम सच्चे मन से आप का आदर करते हैं।

आप सभी शिक्षकों को मेरी तरफ से शिक्षक दिवस की बधाई....

टीचर

टीचर मेरी कितनी अच्छी, हम बच्चों जैसी हैं ये सच्ची,
पढ़ना लिखना हमें बताती, अनुशासन में रहना हमें सिखाती,
अक्षर-अक्षर हमें सिखाती, जीवन क्या है यह बताती,
कभी माता-पिता बनकर सलाह यह देती,
कभी दोस्त बनकर हँसला यह बढ़ाती,
कभी भुलाए नहीं जाते टीचर, उम्र भर याद आते टीचर,
टीचर मेरी कितनी अच्छी, हम बच्चों जैसी ये हैं सच्ची ॥

शिक्षक – हमारे मार्गदर्शक

शिक्षक वह होते हैं, जो अपने ज्ञान की ज्योति से हमें प्रकाशित करते हैं और हमारा मार्गदर्शन करते हैं।

माँ किसी भी व्यक्ति की पहली शिक्षक होती है, जो उसे चलना, बोलना जैसी मूलभूत आवश्यकताएँ सिखाती है।

शिक्षक के पेशे को सबसे अच्छे और आदर्श पेशे के रूप में माना जाता है। यह किसी के जीवन को बनाने में निःस्वार्थ भाव से अपनी सेवा देते हैं।

शिक्षक बच्चों को उनके बचपन से ही नेतृत्व करते हैं और उन्हें काबिल बनाते हैं। हमें सदैव अपने गुरु का आदर करना चाहिए।

Teachers' day

Thank you is a small word that can't suffice for the efforts of our teachers.

Often, we rush through the "ropes of life," oblivious to the importance of taking the time to express our gratitude and genuine appreciation for the support of teachers. The efforts are taken by them for our development as not only students but also as global citizens.

Teachers' Day is a day celebrated on the 5th of September. It is the day to show appreciation for their hard work. They are the ones who hold knowledge and empathy for students. Without their help and guidance, students would not know about their goals. We celebrate Teachers' Day because it is the birthday of Dr. Sarvepalli Radhakrishnan, who is known for his remarkable approach to education and students. Teachers are honoured by their students for their selfless service. They also motivate and guide us to help us mobilise our inner resources.
