

# RDBH SYNERGY

**The Class 12 students are preparing for their ISC examinations in a refreshing environment surrounded by full green pots. These plants, grown exclusively by students of Classes 11 and 12, add a touch of nature to their study spaces. The greenery not only enhances the surroundings but also fosters a calm and positive atmosphere, helping them stay focused and motivated.**

**This initiative showcases their dedication to both academics and sustainability, making their preparation period more meaningful.**

“A wonderful evening at the Boarding House! After returning from their exams, our Class 12 students enjoyed a fantastic party, filled with laughter and great memories. It was an honor to have our Principal Sir, Vice Principal, and House Masters join us for dinner, making the evening even more special. A heartfelt thank you to everyone who made this gathering a success!”

**“A new chapter for our Class 12 students! After moving to their new rooms downstairs, they are happy and settling in well. Meanwhile, our ISC Batch of 2025 is heading home after their journey at school. Wishing them all the best for the future!”**

**The newly promoted Class 12 students kicked off their journey with an exciting movie marathon, watching Click, the Adam Sandler film exploring time travel. Everyone thoroughly enjoyed the movie, making it a memorable start to the year. This was the first activity organized under the Thakur Raghuraj Singh Memorial Club, which aims to grow and introduce more engaging events in the future. With this successful beginning, the club is set to bring in more fun and enriching experiences for the students.**
